TO WHOM IT MAY CONCERN

I am pleased to provide this letter by way of a reference for Karl Zaarour & Sons/
Zaarour Sleiman.

KZ & Sons/ Zaarour Sleiman have undertaken a number of building projects for our firm, and I have always found their work to be of an exceptionally high standard, with their attention to detail second to no other builder I have worked with before.

KZ & Sons/ Zaarour Sleiman have a clear commitment to providing a quality product and we often receive feedback from buyers of our units impressed by the high standard of workmanship.

On each project that we have worked together, KZ & Sons/ Zaarour Sleiman have brought the project in on budget and on time. I have always been particularly impressed by their commitment to save the client money wherever possible, without compromising the quality of the project. Having undertaken projects as both builder and development in the past, KZ & Sons/ Zaarour Sleiman have a keen sense of what the market is looking for and what sells. This knowledge has been extremely helpful on past projects.

I would have no hesitation in recommending Zaarour Sleiman to any developer and would be happy to provide further information should anyone wish to contact me

Kind Regards,

David Kelly
Director
